August 3, 2005

The Department of Healthcare and Family Services is developing a preferred drug list (PDL) in the atypical antipsychotic and anticonvulsant classes. In order to give interested parties an opportunity to provide input on the relative merits of the specific affected drugs, the Department will host an open meeting on August 16, 2005 at 1:00p.m. at 401 South Clinton Avenue, 7<sup>th</sup> Floor Video Conference Room, Chicago, IL.

Registered speakers will be allotted 5 minutes each for their presentation. It is important to understand that the purpose of this meeting is not to present generally on the preferred drug list itself, but rather to comment on the relative merits of the specific affected drugs.

In order to provide comments at the meeting, you must sign up as a speaker by returning this form below by August 12, 2005. You may also submit written comments, and do not have to register to do so.

Those not registered in advance will not be allowed to present. If the volume of responses is such that we must limit the number of speakers, registration forms will be taken on a first come, first served basis.

You may return this form via e-mail to [lisa.voils@idpa.state.il.us](mailto:lisa.voils@idpa.state.il.us) or by fax to Lisa Voils at 217-782-5672.

If you have questions, please contact Lisa Voils at 217-782-2570.
